Foundation Matching

Flawless skin is everyone's dream and choosing the right foundation can make the difference between a vibrant or dull complexion. These days you'll find many different foundation formulas that will cover and correct the complexion.

Bella Hart's beauty advisors can match the perfect foundation for you in colour and texture to suit your skin type delivering outstanding coverage.

The Foundation Matching service is complimentary and includes an express makeover.

More than Skin Deep – Skin Diagnosis

Using state-of-the-art skin diagnostic equipment, our Skin Specialists will analyse your skin to provide an accurate report on its true health, condition and age.

The Beau Visage skin imaging is a revolutionary system that has the unique ability to view up to 2mm beneath the skin surface and analyses elements such as blood, melanin, sun-damage and skin health and can also determine the real age of your skin versus your actual age.

Through this imaging, our Skin Specialist can prescribe products and treatments that will offer genuine, improved results along with arming you with a preventative approach to maintaining your skin's health and appearance. Included in this consultation is the opportunity to discuss any specific concerns and formulate a holistic solution to your skincare needs.
